

HARNESSED CABLES

Helix cable

with axial and radial outgoing cable ends

SAB BRÖCKSKES GmbH & Co. KG also offers to design cable harnessing products with helix cables. The construction of the cable harness can be adapted to your special demands. In order to fix detailed parameters we offer this contact form.

Besides the existing cables in the SAB catalogue "Flexible cables" also special cables can be offered. For such an offer we kindly ask you to furnish all details available (for new productions please note possible minimum order quantities).

It doesn't matter if radial or axial outgoing cables, end sleeves, M12 or special connectors, the cables can be chosen individually. This is also valid for the required cable lengths and helix parameters. We would be glad to submit to you our individual offer.
