

## Brexit information

From 30<sup>th</sup> March 2019 Great Britain will not be member of the European Community any longer. In case of a no deal scenario the United Kingdom will leave the EC without any regulations. As a consequence products and services are subject to the rules of the World Trade Organization. Herewith, we would like to inform you that our company doesn't use any basic materials from the United Kingdom for the production of your products.

This means that our supply chain will not be endangered by a so called „Hard Brexit“.
